

# Quality in Quantity

## GRANT RECIPIENTS

Kristin Tedford & Julie Smith

Chittenango Central Schools  
Lake Street Elementary

[tedfordk@ccs.cnyric.org](mailto:tedfordk@ccs.cnyric.org)  
[smithjl@ccs.cnyric.org](mailto:smithjl@ccs.cnyric.org)

## NYS STANDARD

ELA- Standards 1,2,4  
MST – 1,2,3,4,6

## GRADE LEVEL

Grades K-2

## STUDENTS SERVED

80 students

## PROGRAM DESCRIPTION

Students were engaged in literacy events that incorporated discussions and explorations with a variety of math concepts. By using large and small group formats students were able to make connections between language and numerical concepts. The students were also provided with manipulatives and tools to extend their explorations and strengthen awareness of skills. A growing availability of information guiding educators to integrate math and literacy can be found during online searches.

## STUDENT OUTCOMES

This grant provided the opportunity for students to see that the lines between content areas are not so dividing. For students that reluctantly approach literacy events, this provided an alternative way to work with literature. The hands-on materials excited students during reading groups.
